Card of Thanks to Dr Chong.

AFTER BEING TREATED FIVE MONTHS by a white doctor, and spending nearly $300. I was worse than when I first went to him. I had quite despaired of being relieved when I read Dr Chong's card in THE COLONIST. I placed myself under his care and in NINE DAYS I was a well man. I write this card to discharge a debt of gratitude I owe to Dr Chong, which charges, I may also say, was reasonable. My complaint was neuralgia. WILLIAM MCCORMICK.

DR. We cheerfully add Dr. B's card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, aided by an extensive practice of upwards of thirty years, render his services more valuable and reliable than those of any other Dentist on the Sound, Coast or Island.

Dr. B's large experience may be readily seen in the happy and natural expression given his patrons by his life-like insertion of artificial Teeth.

The public may rest assured of patience, gentleness and undivided attention while under the Dr's hands, and that he will ever strive to be foremost in adopting hints and hints touching his own interest and that of his patrons.

THE BRITISH COLONIST.

Thursday Morning, May 23, 1872.

Land Survey Imperatively Demanded.

The importance of surveying a few free grant townships and offering a free homstead to every *bona fide* settler was pointed out in these columns a few days ago. The restrictions imposed by the Terms of Union in respect to the alienation of land from the Crown constitutes the sole excuse for present inaction. That restriction will, however, be removed in the course of a few months, and the Government will then be left wholly without excuse. It is not too soon to make preparations for carrying into effect an energetic policy whenever the moment for action shall have come. It is open to question whether either Government or the people are fully alive to the importance of a live and liberal land and colonization policy. A glance abroad may help to sharpen public perception. It is not yet two years since Manitoba was 'unblanketed' and constituted a Province of the Dominion of Canada. There are no fewer than fifty Government surveying parties out in Manitoba this season, and it is confidently expected that by the close of summer they will have no less than a hundred townships laid out and completely surveyed, in all or nearly all of which the intending settler may select and take possession of a free homestead. Now, British Columbians have been accustomed to think lightly of Manitoba, with her half breed population and slow-coach ideas. But let us contrast the condition of things in that little Province with the unaccountable supineness which has pervaded the Pacific Province. British Columbia has been an organized colony of the British Empire for over fifteen years, and yet there is not a single township laid out! There is not a base line run,—nothing, in fact, to guide the immigrant in his search for land. And as for free grants, why British Columbia has only begun to dream about them. But her dream must be short and her awaking to the point, or else she will find herself sadly behind in the race of Empire. Let our Government prepare *now* for a liberal and energetic land policy to be set in active operation the moment that the railway embargo shall have been removed.

Liberal Arrangement.

A special telegram from Ottawa announces that tea and coffee in stock and upon which duty of customs has been paid may be re-bonded till the 1st June. That is to say, those having a surplus stock of either of these articles in stock can, by placing them in bond before the 1st prox. have the duty refunded thereon, and by leaving them in bond till after the first of July bring them in duty free. This arrangement, trifling as it may appear here, is of very great importance in large commercial communities like Montreal and Quebec. To us here its chief value consists in the fact that it affords evidence that the Dominion Government is less anxious to grasp revenue than to facilitate commerce and promote the public well-being. We do not mean to suggest that the arrangement possesses no financial value to this Province, for it will doubtless enable importers to save considerable sums. Ten to sixteen cents a pound on tea, and three to four cents a pound on coffee counts up.

Duties of the Clergy.

Bishop Temple, in continuing his charge to his clergy at Barnstaple on Wednesday, referred to the prevalent evil of intemperance. In the interests of morality, in the interests of Holy Writ, in the interest of their fellow-creatures, he besought the clergy to do all that was possible to blot out this wide-spread evil, as it degraded the social condition of the people and depraved their fellow-men in the sight of God and their brethren. It was not the business of the clergy to legislate for the country at large. If they were to take part in legislation they should not do so as clergy, but as subjects of the Queen. All of them were bound as citizens to do their share towards the improvement of the country. He would not, however, speak further on that matter, as it did not concern them. But it did concern them in another way, for, by steady preseverance in their efforts, they should endeavor, though there might be very great difficulty as well as frequent failure, to do all that lay in their power to raise the moral tone of classes of the people who are degraded by this sin. The clergy should not make a mistake, and say it was not directly their business, or fancy that their services, the beautifying of their churches, and the preaching of the doctrine of the Cross were any more their duty than was the duty of wrestling with the sin of drunkenness, which seemed to have so strong a hold upon the people. It depended very much upon the clergy to feel, not merely the duty of sobriety, but the duty of holy sobriety. Passing to legislation affecting the Church, he said that he approved the Dilapidations Bill, because it would give an effect to the reports of the deans rural, which hitherto he had not had.

On the Athanasian Creed the Bishop expressed no opinion, but thought moderate language should be used in discussing it. He was in favor of great elasticity in the services of the Church. Besides dividing and abbreviating them, the clergy ought to have the power to make slight modifications, particularly in the baptismal service. The Athanasian Creed should be dealt with separately. The practice of the sale of advowsons was a real mischief, causing demoralization in the ranks of the clergy. The law upon that matter certainly required to be remodied. Touching the relations of Nonconformists and the Church, the Bishop said he thought that both parties, when they appeared before their Master, would look back with feelings of shame that they had allowed such matters to divide them.

This gentleman will be a Candidate for re-election to the Commons for Victoria City.

SALARIES OF SCHOOL TEACHERS.—The hon. Attorney-General has given it as his opinion that the Government is not authorized to pay the salaries of teachers whose engagements date from a period prior to the 11th April last, when the amounts required exceed the grant made under the former School Ordinance, and that the difference between the amount granted and salaries must be provided by the local Boards in the several Districts in which such teachers may be employed. The Government will therefore pay the full salaries of such teachers only as may hold their appointments from the Board of Education, and the Provincial Secretary suggests that teachers holding such appointments should resign and receive fresh appointments under the New School Act.

PISCATORIAL SPORTS.—An American immigration agent, lecturing in England to open-mouthed rustics, described the United States as a land of peace and plenty, where cows calved three times a year—twins each time—and roasted pigs ran through the country, with a carving-knife-and-fork stuck in their ribs, squealing 'come and eat me!' We have all heard of the primitive method of catching salmon in the Fraser, viz: with a little girl, a pail and a rake; but few even in this city are aware that every brook and rill swarms with delicate finney morsels, and that Elk, Prospect and Thetis Lakes — which lie within a short and pleasant drive of this place—abound in two varieties of trout of large size and delicious flavor, which, with proper rods, lines, bait and other appliances—such for instance as HENRY SHORT of Government street has just imported—are quickly transferred from their native element to the fisherman's basket.

LOWER FRASER NEWS.—The foundation stone of the Mortuary Chapel in the Masonic Cemetery at Sapperton, will be laid in the latter part of June with imposing ceremonies. ....A large quantity of dried oolachans have been put up this year....The merchants of New Westminster, in response to a requisition from their clerks, have agreed to give a half-holiday on Saturday afternoons. .....The flouring mill at St. Mary's Mission is now in running order.....The New Westminsterians have decided to celebrate *their* Queen's Birthday on the 1st of June.

LOCAL SCHOOL BOARD. — The Mayor and Councillors sat again last evening as School Trustees. The Committee appointed to provide accommodation for boys' and girls' schools were granted further time. A communication from the Provincial Secretary stated that His Excellency had communicated with the Dominion Government with regard to the School Reserve, top of Fort street, and that the Trustees had been granted temporary previlege to retain the grounds for school purposes. The Board then adjourned.

SAMUEL HOCKINS, a native of Cornwall, England, and well known in the Colony, died suddenly yesterday at 2:30 p. m., aged about 40 years. It is supposed heart disease was the cause. He had been ailing for some time. Dr. Davie had been attending him and on Tuesday evening he seemed greatly improved. He retired about 11 p. m.; but feeling worse yesterday did not rise, but was propped up in his bed and there died. He was a partner in the South Wales Co's Claim on Lightning Creek, Cariboo.

REGATTA.—We are particularly requested to state once more that the steamer Lively will leave the H.B.Co's wharf to-morrow morning at 10:30 a.m., towing barges up to the Gorge, for the conveyance of passengers free of charge, and will continue making trips up and down till the time of the first race. Those who wish to avail themselves of the accommodation had better be punctual, else they might be detained.

A HAUL.—A canoe left the barber yesterday afternoon towing a boat with 7 cases of liquor on board. An Indian gave information to the police and officer Babbington pursued in a boat, and succeeded in overtaking the man in charge, whom he brought back to the jail. Later in the evening officer Babbington made another seizure of two cans of liquor over at the reserve.

CRICKET. — A match will be played on Saturday the 25th at 10 a. m. sharp, between the Eleven of Victoria and a scratch Eleven. Scratch: Gov. Trutch, Royse, Hume, Moody, Mould, Jenkinson, Wellings, Sandiford, Partridge, Green and Sgt'-Major H. M. S. Scout. Victoria: Drake, Tye, Guerre, W. Wilson, Hubbock, Curtis, Gibbon, Pagden, Ebberts, Mathews, Howard.

EXCURSION TO SAN JUAN.—We are requested to state for the benefit of those who wish to go on the excursion, that the return trip will be made in time for persons, who so intend, to go to the ball at Government House in the evening. The Maude will be back about 8 p.m.

CHAMBER OF COMMERCE. — An adjourned meeting of the Chamber of Commerce will be held at Mr Heisterman's office, on Saturday next, at 11 o'clock a.m., for the election of officer-bearers and the transmission of other business.

C.P.R.S.—Mr. Watt returned from the Mainland yesterday, having started the surveying parties from Kamloops.

The Canadian Government is acting in a most liberal and paternal spirit. It has just decreed that coffee and tea, on which duty has been paid, may be rebonded before the 20th of June. When rebonded a refund of duty will be made.

HENRY NATHAN, JR.

THE Enterprise arrived from New Westminster yesterday afternoon at 3:30 o'clock with the following passengers and a small mail and Barnard's Express:— Mrs Holmes, Mrs Hicks, Judge O'Reilly, Rev Woods, Rev Owens, Rev Holmes, Geo Watt, Wm Fisher, Mr Clarke, Mr Ellis, E Brown, Mr Howse, Capt Hicks, B Daltonso, Mr Odin, and Mr Deas.

PONTIFICAL HONORS. — *La Minerve* states Hon. Justice Loranger, who is now in Europe for the benefit of his health, was, when lately at the Eternal City, created a Commander of the Roman Order of Pius IX, as a mark of the Sovereign Pontiff's appreciation of his services to the Roman Catholic Church in Canada.

THE Grappler left at 12:50 p. m. yesterday, for Nanaimo and Burrard Inlet with several casks of whale oil, several thousand bricks, the boilers brought up on the steamer Prince Alfred for Messrs Moody, Deitz & Nelson, and Messrs C. M. Chambers, Rev. Crosby and Mr. C. Smith as passengers.

A FIRE was discovered commencing just in the rear of Mr James Moss' store on Fort street yesterday. It is not known how it originated, but it was quickly subdued by five or six neighbors with water buckets.

FIRE.—A large fire was seen on Tuesday evening from Esquimalt in the direction of the Burnside road. It was at first thought to be at Mr. Cogal's or at Craigflower, but it was found not to be so.

SALUTE.—U. S. Corsair D. Eckstein paid a visit on board H. M. S. Scout yesterday afternoon and was received with a salute of seven guns.

WEST COAST.—The sloop Thornton, Capt. Brown, came in from the west coast yesterday and reports all quiet. She brought a cargo of oils and furs for Boscowitz Bros.

IT cost the State of Illinois last year $7,000,000 for schools. The State contains 10,773 school-houses, attended by 650,000 scholars and 20,000 teachers are employed.

LEFT FOR HOME.—We understand that the Hon. C. F. Cornwall, Senator for B. C., left Ottawa for home on the 20th inst. If this be correct, the business of the session must be about over.

POLICE COURT.—One "D D.," which was treated in the usual manner, was before this Court yesterday.

THE PRINCE ALFRED.—This steamship arrived at San Francisco on Monday morning. She sailed at 5 o'clock last evening for Victoria.

QUOITS. — The game of quoits at Dodd's Gorge Retreat, to-morrow, will be sharply contested by several experienced players.

ROYAL HOSPITAL.—There are 18 patients in this institution.

THERE is to be an ordination on Sunday next at St John's Church.

THE ship Germania from Nanaimo arrived at San Francisco on Tuesday.

THE LINE was got up again yesterday and a large number of dispatches came through.

THE steam yacht Lively, Capt. Willoughby, arrived last night from Port Townsend.

AMERICAN PATENTS.—The number of patents issued from the American Patent Office has been very greatly increasing of late years. In 1841 the number issued was 495, yielding fees to the office to the amount of $10,413. In 1851, the number issued was 869, yielding fees to the amount of $95,739. In 1861, the number issued was 3,340, yielding fees to the amount of $137,354. In 1871 the number issued was 13,033, yielding fees to the amount of $678,716.

THE PANAMA STEAMER.—In consequence of the detention of the Panama steamer no European goods arrived by this trip of the Prince Alfred. Turner, Beeton & Tuns all have therefore to inform their customers that their Spring Stock is still incomplete; but they expect on arrival of next steamer to be able to show the largest and most beautiful assortment of Silk Mercery, Dry-Goods, Millinery, &c., ever opened in Victoria. *

Provide Against Danger.

At this season all the great lines of travel begin to swarm with human beings intent on business or pleasure. Are these moving multitudes aware of the danger which ensues from drinking different varieties of water and breathing atmospheres to which their lungs are unaccustomed? Do they realize how important it is to be prearmed with an antidote that will defend their systems from the evil consequences of such changes and from all ailments and disturbances which arise from the miasma so plentifully evolved from the soil at this period of the year? Such an antidote—certain in its protective operation and free from everything objectionable in its composition and flavor—has been for twenty years before the world. No instance can be adduced, during that period in which Hostetter's Stomach Bitters has failed as an accliminating medicine or as a preventive of bodily ills to which the undefended system is liable in unhealthy localities.

A good appetite, perfect digestion, a vigorous condition of the nervous system, functional regularity, and a pure and active circulation, are the elements of health, and these signal blessings may be secured and perpetuated by the use of this powerful yet harmless vegetable tonic. Such is the experience of all who have ever taken it as a safeguard against the diseases which debility, irregularity and morbid condition of the solids and fluids of the body are sure to invite.

Com to the East, says they were cordially received by the citizens of St. Louis, and find the statements of the party here substantially correct. They left for Boston to-night to meet the directors and officers at the annual meeting and will return about the 15th June next.

SAN FRANCISCO, May 21.—Arrived, Prince Alfred, Victoria; Amelia, Columbia River; Coquimbo, Port Madison.

LOS ANGELOS, May 21—Shocks are still felt at Lone Pine. There was a shock a week ago which would have levelled any brick or adobe store. The shocks were accompanied by loud explosions. A number of old craters are emitting flame and gas. One, fifteen miles from Little Lake, sends forth columns of steam incessantly.

Frank Pixley and McQuade entered into a political dispute this evening on Montgomery street, when both got angry. McQuade tried to strike Pixley, but the bystanders interfered.

SAN FRANCISCO, May 22—The citizens of Lone Pine held a mass meeting and passed resolutions endorsing the acts of Col. Whipple, agent of the relief committee. It is reported that Mazatlan revolutionists in this city intend to form a club to aid their friends at Mazatland in escaping from that city. San Francisco seems their only place of refuge.

Arrived—Steer J L Stephens, Portland; bark Mary Glover, Port Discovery; ship Germania, Nanaimo.

Eastern States.

NEW YORK, May 20.—The strike among the various trade organizations for the enforcement of the 8 hour law is virtually over with complete success.

Wood carvers, cabinet makers, and upholsterers, struck for the 8 hours system.

Henry Ward Beecher preached last night on labor strikes. In the course of his sermon he said in this unanimous rising of the laboring classes he recognized one of the most promising signs of the times. He compared capitalists to a herd of swine into which unclean spirits had entered, and said that he considered the strikers' demands perfectly just fiable, and that he was in entire sympathy with the movement.

ST. LOUIS, May 20.—The Republican of this morning states it has reliable advice from Washington of bold schemes by the administration party to secure the re-election of Grant. The plan as stated is that a number of influential southern men have been invited to Washington without being informed what they were to come for, some of these gentlemen are now in Washington to whom a proposition has been made that is they will be delegates from the Southern States to Baltimore to introduce and demand a Dem. nomination, or to beat the Convention in case it refuses to take that step and make a nomination.

The administration party will pass a bill to refund the colored tax, and grant aid to the Atlanto and Great Western canal, now before Congress.

The Herald publishes an interview with ex-Secretary Seward on the Alabama question. Seward favors the adoption of a supplemental article and thinks England will agree to it. He referred to the Johnson, Clarendon Treaty as overcoming all difficulty in the case stated, and said the people who were dissatisfied with the Washington Treaty should urge them to throw up the present and have the former read and filed by the Senate.

Among the arrivals by the steamer Russia from England yesterday, was Sir Thomas Dakin, ex-Lord Mayor of London.

NEW YORK, May 20—Over 10,000 emigrants arrived at Castle Garden yesterday.

CHICAGO, May 21—A New York special has the following news:—The proprietors of the World has changed hands, and a controlling interest has been purchased by prominent Republicans.

On Wednesday last at Anustagon, Michigan, W. J. Berge shot and killed his wife from whom he was seperated several months and who was endeavoring to obtain a divorce from him. He then blew his own brains out. The cause of his wife's leaving him was the discovery of the fact that he had another wife and several children living.

At Jacksonville, Illinois, on Saturday last, the Rev Wm H Milburn obtained a divorce from his wife, from whom he had been separated for many years, on grounds of desertion. She was formerly a beautiful belle of Baltimore, and was united to Milburn while he was chaplain to Congress.

WASHINGTON, May 21—Although the House passed the Senate resolution to adjourn May 29th, some members, together with the Senators, say that the time will have to be extended in order that the Senate may transact its necessary business.

WASHINGTON, May 19—The nature of the report on the supplemental article indicates that the President will be advised to negotiate the treaty in a less objectionable form than originally submitted.

The House will be prepared to adjourn on June 3rd; but it is believed that business is not as far advanced in the Senate, they having yet to act on the tariff and other important measures, including the additional article to the Treaty of Washington—the last named it is supposed will give rise to severe discussion.

Ambassador Kinko to-day informed the Japanese girls that the palaces belonging to the parents of three of them had been consumed by the recent fire at Yeddo. The story that the girls were going to Vassar College is not true. Mori has arranged for them remaining at Washington.

PHILADELPHIA, May 19—The six story granite building on Dock street near 3rd, built by Dr Jayne and occupied by Leisering's large printing establishment and a number of book binderies was totally destroyed by fire.

The five story brown stone building adjoining and occupied by Commercial List newspaper was crushed by falling walls and totally destroyed.

DETROIT, May 19—The fire at Flint yesterday destroyed $150,000 worth of property including Roseville & Son's livery stable.

NEW YORK, May 19—Specials dated yesterday say in Pike County, Pa., fires covering territory seven miles in extent sweeping over some of the best land in that section, twelve large steam saw mills, and dwelling houses were destroyed, also lumber of Dodges & Meiggs' containing several million feet of lumber. The inmates of cabins narrowly escaped. At Wagontrust, Calapemo and Bowling's settlements nothing was left but charred ruins and dozens of families had to flee for their lives. A quarter a million of dollars will not pay losses. The lumber villages of Carter and Gould are almost entirely destroyed.

Parts of Sussex, Sullivan, Delaware, and Monitor Counties are being swept by the fire. Estimated losses reach into millions. Quite heavy rains have fallen in transection and have extinguished the fire in the vicinity of Hudson.

Whitelaw Read was last night elected President of the Lotus Club.

Our Inland Revenues.

We have received the report of the Minister of Inland Revenue for the year ending 30th of June, 1871. The revenue of the year, after deducting refunds $7,357, amounted to $6,120,647; the cost of collecting being $174,504, or less than 3½ per cent. on the amount collected. The increase in the revenue over that of the preceding year is $717,188, or 10½ per cent. Of this increase, $636,920 are due to Excise, being an increase of 17 per cent on that branch of the revenue, $35,536 to public works, being an increase of 6½ per cent., and $47,979 to bill stamps, an increase of 35 per cent. over the revenue derived from the same source in 1869—70. There has been a decrease in the receipts for culling lumber of $3,247, or 5 per cent.; but for the first time in many years the revenue from that branch has exceeded the expenditure. The quantity of spirits on which duty was collected during the year was 4,219,245 proof gallons, being an increase over 1870 of 448,217 gallons and over 1869 of 1,409,477 gallons. Duty was collected on 27,671,497 lbs of malt; and on 6,796,611 lbs of tobacco, snuff and cigars. Duty was collected on 4,437,709 gallons of petroleum, being an increase of 819,864 over the quantity in 1869-70, and 2,751,769 gallons over the quantity 1868-69. The quantity of spirits in warehouse on the 30th June last was 1,486,549 gallons; the quantity exported during the year was 271,332 gallons, showing a falling off of 36,805 gallons as compared with the previous year, and 15,506 gallons as compared with 1868-9. The quantity of warehoused malt on the 30th June last, was 9,782,518, on the 1st July, 1870, 10,864,430 lbs., showing that the demand last year was in excess of the production. The quantity exported in 1870-1 was 6,524,850 lbs., against 5,573,119 lbs, exported the previous year, or an increase of nearly 20 per cent. In 1870-1, 5,531,780 gallons of petroleum were exported, against 5,374,993 gallons during the previous year, and 758,060 gallons in 1868-9. The demand for home consumption during the past year increased about twenty-two and a half per cent, the demand for exportation less than five per cent. Of manufactures in bond, principally vinegar and methylated spirits, duty was collected on 692,826 gallons. The canal business last year was the largest ever done. The number of vessels that passed through the canals last year was 42,782, compared with 45,525 the previous year, but this apparent decrease is due to the Order in Council of the 4th April last, permitting steamers employed exclusively in towing in the canals to take out a season "let pass," which entitles them to pass through the canals during the entire season as often as they required without being counted. The collection of canal tolls last year exceeded that of the previous year by $5,735. The revenue from slides and booms amounted to $95,541, being an increase on the previous year of $3,775, and from bye-laws and other rents $37 248. Altogether, the revenue for the past year shows a remarkable growth, and is a fair indication of the rapidly increasing prosperity of the country.—*Mail.*

Mr Bright on the Alabama Question.

The *New York Evening Mail* publishes the following letter, Cyrus W. Field:—"This trouble about the Treaty it very unfortunate. I think your letter admirable and I hope it will do good in the States, where I presume it will be published. I confess I am greatly surprised at the case to be submitted to the Geneva Tribunal. There is too much of what we call 'attorneyship' in it, and too little of 'statesmanship.' It is rather like a passionate speech than a thoughtful State document. And what a folly to refer to a tribunal claims which cannot be proved! No facts and no figures can show that the war was prolonged by the mischief of the pirate ships. And surely what cannot be proved by distinct evidence cannot be made a subject of an award. This country will not go into a court to ask for an award which, if against, it will never accept. An award against it in the matter of indirect claims will never be paid, and therefore the only honest course is to object now before going into court. Has the coming Presidential election, or nomination, anything to do with this matter? Or is Mr Sumner's view of the dispute dominant at Washington? I should have thought your Government might have said, 'We will not press the claims objected to before the tribunal, but we shall retain them in our case as historic evidence of our sense of the magnitude of the grievance of which we complain.' This, I dare say, would have satisfied our Government and people, and practically it would have satisfied every reasonable man in the States. To such as would not be content with it, friendship and peace would, as the nature of things, seem not to be desired."

A. GILMORE, MERCHANT TAILOR, and General Outfitter, has removed his place of business to the store adjoining the Colonial Hotel and opposite the Colonist Office, on Government street, fourth door from Yates, where he proposes to give his old friends and new customers a chance on the principle of quick sales and small profits. *

A NICE HOSTESS. — Lady Holland once sent her page round the table to Macaulay to tell him to stop talking. She told Rogers, 'your poetry is bad enough, so pray be sparing of your prose.' At a dinner in South street, she fidgetted Lord Melbourne so much by making him shift his place when he was seated to his liking, that he rose exclaiming, 'I'll be—— if I dine with you at all!' and walked off to his own house, fortunately at hand. She requested a celebrated dandy to move a little farther off, on the ground that her olfactory nerves were offended by his blacking; the blacking which he avowed was diluted with champagne. Shortly after M. Van de Weder's arrival in England, as Belgian Minister, he was dining with a distinguished party at Holland House, when Lady Holland suddenly turned to him and asked, 'How is Leopold?' 'Does your ladyship mean the King of the Belgians?' 'I have heard,' she rejoined, 'of Flemings, Hainaulters, and Brabanters; but Belgians are new to me.' His reply was, 'My lady, before I had the honor to be presented to you, I had often heard you spoken o', not only as a woman of intelligence and wit, but as a woman who had read much. Well, is it possible that you, in your many readings, have never met the buck by a person named Julius Cæsar, who in his 'Commentaries' gives to our population the name of the Belgians, and this name we have preserved till our days?'—*Quarterly Review.*

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

ITS EFFECT IS

MIRACULOUS.

IT IS A PERFECT AND WONDERFUL article. Cures baldness. Makes hair grow. A better dressing than any oil or pomatum. Softens brash, dry and wiry hair into Beautiful Silken Tresses. But, above all, the great wonder is the rapidity with which it restore GRAY HAIR TO ITS ORIGINAL COLOR.

The whitest and worst looking hair resumes its youthful beauty by its use. It does not dye the hair, but strikes at the root and fills it with new life and coloring matter.

The first application will do good: you will see the NATURAL COLOR returning every day, and BEFORE YOU KNOW IT, the old, gray, discolored appearance of the hair will be gone, giving place to lustrous, shining and beautiful locks.

Ask for Hall's Sicilian Hair Renewer; no other article is at all like it in effect.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD

A MEDICINE THAT cures is a real public blessing. AYER'S SARSAPARILLA makes positive cure of a series of complaints which are always afflicting and too often fatal. It purifies the blood, purges out the lurking humours in the system, which undermine the health and settle in o troublesome disorders. Eruptions of the skin are the appearance on the surface of humours that should be expelled from the blood. Internal derangements are the determination of these same humours to some internal organ or organs whose action they derange and whose substance they disease and destroy. AYER'S SARSAPARILLA expels these humours from the blood. When they are gone the disorders they produce disappear such as Ulcerations of the Liver, Stomach, Kidneys, Lungs, Eruptions and Eruptive Diseases of the Skin, St Anthony's Fire, Rose or Erysipelas, Pimples, Pustules, Blotches, Boils, Tumours, Tetter and Salt Rheum, Scald Head, Ringworm, Ulcers and Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhea arising from internal ulceration and uterine diseases, Dropsy, Dyspepsia, Emaciation and General Debility. With their departure health returns.

Ayer's Hair Vigor,

FOR RESTORING GRAY HAIR

TO ITS NATURAL VITALITY & COLOR

Advancing years, sickness, care, disappointment and hereditary predisposition, all turn the hair gray: either of them disposes it to fall off prematurely: the effect is unsightly and unpleasant to behold. Dr. Ayer's consummate skill has produced an antidote for these deformities, which has won gratitude for him from multitudes of women and men. His HAIR VIGOR sometimes reproduces lost hair; and always restores to faded and gray hair it natural color, with the gloss and freshness of youth. The comparatively few bald and gray heads that we now see, are those who have not yet discovered the virtues of AYER'S HAIR VIGOR for renewing the hair. The fresh and youthful hair we see on older heads is often the product of his art. If you are disfigured or made old, austere and ugly, by gray hair, restore its youthful color and with it your features to their original softness and agreeable expression.

As an elegant dressing for beautifying the Hair it has no superior.
